1400 McCallie Avenue Suite 112 | Chattanooga | TN | 37404

When you look at your child's IEP or 504 plan, what do you see?

Do you see a cohesive document that reflects your child's strengths, needs, goals, and supports to accomplish them? Or do you see a pile of papers with a bunch of acronyms that only partially makes sense? If your response is the last one, let us help!

**Reaching Families

LifeLine offers an IEP/504 consultation to help families learn about their child's IEP or 504 plan. Call us today for a line-by-line review of your own child's documents. You will receive a thorough explanation of what is in or what is not in your child's IEP or 504, then we will provide options and ideas for sharing your concerns with your IEP or 504 team. Do you need help preparing for your next IEP or 504 meeting? We do that, too! It all starts with a complete understanding of your child's document. Empower yourself to be your child's best advocate! It all begins with understanding your child's IEP or 504 plan!

LifeLine also provides consultation services to families who homeschool, place their children in private or Christian schools, or transition between options as well.

LifeLine IEP/504 Consultants serve families with children birth to age 22, regardless of diagnosis (or even if you are still trying to find a diagnosis). Most IEP/504 consultations take at least two hours. We have attempted to keep the fee affordable at only \$25 an hour. Most consultations take at least two hours. Payment due at time of service. Some scholarships may be available for those meeting specific criteria. Please be prepared with your child's IEP/504 and any other documentation that was used or that you plan to use to develop the IEP or 504 plan.
