

**PROJECT  
DOCC**

# Project DOCC Parent Training

**Date: Saturday, 10/25/14**

**Time: 9:00 am to 2:00  
Lunch Provided**

**Location: LifeLine, Inc.**

*1400 McCallie Avenue, at the  
corner of McCallie and  
Greenwood*

The Parents Advisory Council of Children's Hospital at Erlanger began almost 10 years ago with the goal to improve care at Children's Hospital. As part of this initiative, Project DOCC (Delivery of Chronic Care), a resident training program, was re-launched at the hospital recently. Veteran DOCC parent trainers and LifeLine will be preparing the parents who will ultimately be training the residents through Children's Hospital's PAC/DOCC program. If you feel that you have some experience raising a child with special health care needs, are willing to share your journey to benefit others, and would be interested in being an advocate in this way, please contact me. We are currently actively recruiting potential families for pediatric resident trainers. New parents, plan to join us on Saturday, October 25th, for the initial parent training as we develop new Parent Trainers for 2015! Lunch will be provided.

## *Highlights*

- *What is Project DOCC?*
- *What are the components of Project DOCC?*
- *What are the responsibilities of a Parent Trainer?*
- *How specifically can my story be used to train a pediatric resident?*
